Advice for you who is about to have your pictures taken

To be able to create images which touch your heart I want you to feel safe and secure with me. I aim to do the best for you so you will feel welcomed and please do not hesitate to contact me if you have any questions. If you are planning to get married I always want to meet you in advance to discuss your and mine expectations together. Here are some advice for a Portrait session:

- * In Sweden the best time for taking pictures can be different according to seasons. Please discuss this with me so we are able to go for the best light.
- *You know when the best time for you, your children and family to take pictures but I would advice you to do this after a good night sleep and with a full stomach.
- *If you want your picture to be in harmony it might be good to choose clothes in matching colors so you as a person stands out.

About Desert Rose Photography

- images touching your heart -

Ada Elmgart from Sweden is a freelance Photographer specializing in lifestyle Photography with pregnancy, infants, young children, families and marriages in focus. "I aim to portray the important and special moments of your life in a natural and a true way with a touch of Scandinavian simplicity. As a mother of three I have an advantage of feeling secure in those moments and environments. I prefer to work on location with natural light and settings where the action takes place." Ada has the last years lives with her family in Singapore, Sweden, USA and in Dubai which makes it easy for her to feel at home in a multicultural setting. She is happy to work together with you to capture your special moments to keep as a treasure for the rest of the future.
